## ONGOING ACTIVITIES

### Urban Research and Design:

Provision of Urban Research and Design advisory and consultancy services to various organizations

### Networking and Advocacy:

Linkage with likeminded academic, research and design institutions both locally and globally to raise awareness regarding the urban design issues, theory and practice in the Karachi context

### Publication and Research:

Continuous research is being undertaken on Urban Design, Housing, Urban Planning and Development situation in Karachi. This is done in connection with the courses taught, consultancies done and services extended. All of the material generated is being put together as a data base and publications.

### Bridging the Research – Academic -Professional Gap:

Through a series of panel discussions, lectures, debates and the courses being taught, research being undertaken and professional work being done under URDC, a platform has been created where students, academics, practitioners, researchers, local body functionaries and political activists can interact and share experiences.

# URBAN RESEARCH & DESIGN CELL AT D A P – N E D – U E T
